

Statement of Purpose for Mahesh Babu

Dear Admissions Officer,

This is Mahesh Babu, a 22-year-old undergraduate student from IIT Dhanbad aspiring to join Massachusetts Institute of Technology(MIT) for a Bachelors Degree in Computer Science.

As a student of IIT Dhanbad, I have developed a strong academic foundation, critical thinking, and analytical skills during my journey through the curriculum. My education has engaged me in several courses in the field of computer science, recruiting me with a great understanding of programming languages such as Java, C++, Python, JavaScript, HTML, Objective-C and Swift.

My university projects have helped me become skillful in developing software and working on projects. I have built my skills in web development, web designing, computer system analysis, mobile app development, artificial intelligence, robotics, game designing, machine learning and deep learning. With the knowledge and experience I have obtained, I believe I have all the necessary skill set of an IT professional.

My long-term goal is to become a web developer at the world renowned company, Apple. This formal Letter of Intent I am submitting to you is an indication of my strong ambition to become an asset to the Massachusetts Institute of Technology. I am committed to putting my knowledge to best use and as a part of Team MIT, I will strive to express my ideas and knowledge that benefit the college and the society.

I understand that higher education requires huge investment and I am willing to invest the sum of \$100 for my undergraduate course. I am also aware that having Global Insurance Coverage (GIC) is mandatory for studying abroad. And as per the requirement I am ready to pay the amount of \$1000000 as GIC.

Finally, I am highly confident that I possess the potentiality to learn and develop skills in a way that reflects the values of the institute. I have enthusiastically compiled a selection of documents to support my skills which includes educational and other lively experiences.

I thank you for your time and consideration in this process and I look forward to your positive reply.

Yours sincerely,
Mahesh Babu
